Torrey Hills Technologies, LLC to Sponsor IACP's 20th Annual Compounding on Capitol Hill

(SAN DIEGO, CA, March 5, 2014) -- Torrey Hills Technologies, LLC (THT) today announced that it will sponsor two educational sessions at IACP's 20th Annual Compounding on Capitol Hill (CCH) to be held May 17-20, 2014 at the Crystal Gateway Marriott in Arlington, Virginia. With an expected 400 total attendees in 2014, CCH brings together the top-level compounding pharmacists and technicians from across the country with the same goal – to protect pharmacy compounding.

"We are proud to sponsor two of these knowledge-based sessions that will cover a wide range of issues every compounding pharmacy is concerned about, such as drug quality & security and legislative developments. And I'm excited to introduce our award winning T65 ointment mill," stated Ken Kuang, president of Torrey Hills Technologies, LLC., "which has become the choice of more and more compounding pharmacies for its higher output and super fine blending results."

For more information about THT's ointment mill, please visit <http://threerollmill.com/ointmentmill.html>.

About Torrey Hills Technologies, LLC

Torrey Hills Technologies, LLC (<http://www.torreyhillstech.com> and <http://www.threerollmill.com>) is a leader in developing and delivering quality yet affordable equipment and supplies for multiple industries. Since its establishment, the company has expanded its business from microelectronics packaging components to large-scale furnace equipment for semiconductor packaging, circuit board assembly, advanced materials processing and solar cell (silicon, thin film, and 3rd generation dye sensitized solar cells) manufacturing. Headquartered in San Diego, Calif., the company now has customers located around the world in North America, South America, Europe, Asia, and Australia

About IACP

关于 IACP

The International Academy of Compounding Pharmacists (IACP) is an association representing more than 3,600 pharmacists, technicians, students, and members of the compounding community who focus upon the specialty practice of pharmacy compounding. Compounding pharmacists work directly with prescribers including physicians, nurse practitioners and veterinarians to create customized medication solutions for patients and animals whose healthcare needs cannot be met by manufactured medications. Visit www.iacprx.org to learn more and to find a compounding pharmacist near you.
